

PRO LADY This is a partner's better ball tournament with the Pro being the partner of each player from his club. The scores for each hole will be the better of the Pro's gross score or the player's net score. 95% handicap is used. Each Pro will be paired with three (3) players from his club. Entries will be accepted from players whose club pro is participating. If the Pro cannot play or send his assistant, the members of that club are ineligible to participate.
